## **Business Gifting Program**

Since 2003 we have successfully delivered gifts and desserts to thousands of businesses. We are experienced at helping you choose the perfect business gift for your event or occasion. Many of our success stories have used Veronica's Treats business gifts for:

- ✓ **Employee recognition:** send sweet treats to employees to celebrate their special day, congratulate a team on reaching their goals or surprise a new branch with a welcome gift.
- ✓ **Customer appreciation:** Reconnect with old customers and earn the loyalty of new ones. A branded gift is a unique way to spread your message, whether you want to let them know about a new product or service, special offer or simply thank them for their business.
- ✓ **Thank you gifts:** logo cookie gift baskets and other bakery treats are perfect gifts to thank important people in your business. Celebrate a new partner's milestone event or show your appreciation for a referral. (Great tip: Brand your gift to the recipient's company, not yours – they'll be extra delighted to receive such a custom branded gift.)

It's endlessly time consuming to hunt down the perfect gift, customize it to the recipient and then organize the delivery, especially when you have to deliver to more than one location. We are the experts! The benefits of having Veronica's Treats manage your business gifting needs speak for themselves.

- All of our sweets are individually wrapped - perfect for sharing.
- We will include your enclosures and business cards free of charge!
- We have a range of gifts that will fit your budgets including many at the \$20-\$25 price point - perfect for acknowledging clients and associates.

- You will have a dedicated account manager that understands your business and can work with you to develop programs that increase sales, thank customers and reward associates any time of the year and especially at the holidays.
- We can ship your gifts 3rd party using your FedEx or UPS account.
- Choose non-branded, delicious baked goods or make your gifts extra special by adding your logo or custom message directly to our products. New unique products continuously introduced!
- We offer a very fast turn-around time. With many orders shipping next business day.
- We can set up a credit account for you making ordering quick and easy!
- Our corporate birthday, anniversary, incentive, employee and new customer programs are very successful and easy for you to administer.

### **It so easy to get started!**

- Simply [pick out your product](#)
- Tell us how often you would like them sent (daily, weekly, quarterly or as needed)
- Send us your ship lists and we take care of the rest

If you do not have a business account with us please call 508-946-4438. If you qualify for a business account we will set you up! Corporate billing is available upon credit approval.

*"Veronica's Treats makes us feel like our company has our own personal bakery. We began using them 6 years ago to make logo cookies for a component in our clients' holiday gift baskets, and not only were the cookies a great hit, but it was such a rare pleasure dealing with Hillary and her team, that the next year we had them do the entire gift. Everything that they create is so delicious (we actually have clients who start requesting the logo brownies by October of every year) and the end result so unique, that since then we have teamed with them to design all of our promotional products, and for the last few years 80% of my personal gifts as well. It always starts with, "So I was thinking..." and ends with a huge smile on the face of a happy client or friend. Though we are based in NY and they are in MA, it would never occur to us to go to anyone else!"*
